The curriculum has lent itself to the encouraging of creative thinking in the candidates.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
Candidates from this course are usually proactive, enthusiastic and eager to explore their potential	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Comments for improving the candidate's capacity development of the syllabus

Pls teach physiology in detail as they are jus given project work .. makes teaching difficult basics of renal cardio bones lung

Suggestions for overall improvement of the course

Make correlation of biochemistry physiology and nutrition and teach them n ask them to learn thing as accordingly to student major topics are taught as exam syllabus only and told them avoid it don't go to details . Make the students realise they have to remember it life long if they plan to work in hospital

Name of the respondent

Pooja thacker

Name of the organization

Bhatia hospital
