To encourage students participation in research competitions	AARYA (Intercollegiate Undergraduate Research competition) was held. AVISHKAR- University led Research Competition with internal jury and mentoring rounds within college for TYBSc, MSc and PhD. This led to a Gold and Bronze medal to student researchers and 2nd Runner up award in the Humanities Category to the college MSc and PhD scholars are encouraged to participate with their research presentations in National and International conferences.
To improve infrastructure facilities	The infrastructure facilities of the building were improved E.g.: for safety reasons all windows are in the process of being replaced, Laboratory facilities and Library Facilities were upgraded to suit the curriculum.
Others	NIRF certification was applied for and obtained ranking between 150 to 200 Star College Certification is also applied for Green Audit is in process
To further strengthen our alumni.	Alumni contributed in different ways through mentoring junior students incollege, providing internships, placements, research projects, professional guidance and training to the BSc and MSc students of the college .Few also contributed financially.
To work on building the corpus fund.	Corpus funds were built through events and activities conducted for students and industry .Other sources were also explored
To enhance our partnerships and collaborations with other Institutes- Industry, Research Institutes, NGO's and GO's for academic and research purposes.	We were successful in doubling our collaborations with academic and research institutes. Food, Textile and Apparel related industries, hotels, hospitals, schools, Go's and NGO's and

Plan of Action	Achievements/Outcomes
	professional bodies .Few MOUs were also signed.
To analyse the feedback obtained from the students regarding the updated syllabi at different level.	Feedback was obtained from various stakeholders such as students, parents, alumnae, employers through the use of online Google forms.
To encourage even more Entrepreneurship	IIC (Institute Incubation Cell) under MHRD was established in our college in November 2019. A National level Intercollegiate competition was conducted by the department of Textile and Fashion Technology wherein innovative project ideas and models were invited based on the theme of the “United Nations Sustainability Goals” which were evaluated and finally 14 presented of which the 4 prize winning projects were selected for further presentation in the Regional POC competition held at Wellingkar college in Mumbai organized jointly with MHRD.
New Courses to be introduced: I. MSc in the Department of Textile and Fashion Technology: Plans to introduce two new MSc’s: i)Fashion Retail Management and Media Communication ii)Fashion Styling and Product Design. II. MSc in the Department of Community Resource Management i)Management and Ergonomics	The documentation of all the three courses were prepared and several meeting were held with University of Mumbai and it was suggested by the University to apply for affiliation in August 2019.
